All harp prices include the accessory package*

Wood Options

All of our harps are handmade from the best quality cherry, walnut, and maple. Each has a unique look, thanks to the infinite variation of the grain of wood. Please note that, due to the pressure exerted on the body of the harp by the strings, **our Rebecca and Marion models are available only in maple.**

*The accessory package includes a standard case, an extra set of strings, an additional tuning wrench, bridge pin and lever adjustment tools, abrasive cord, a lever chart, an Eb tuning chart, and either a beginner's tutor book or tune book. For lap harps, it comes with optional strap buttons and a sturdy strap and, if a base is ordered, an extra set of base knobs and a base carrying bag. Floor harps come with a removable base for added stability. Cases can be upgraded upon request. See other side for more options.

Alligator Clip for Electronic Tuner	\$19.95
Joyo Clip-On Tuner	\$12.50

Decorated Soundboard

Make your Stoney End Harp even more unique! Local artist Kathy White can assist you in choosing a design for her to paint by hand on the soundboard of your harp.

Please allow extra time for harp completion. Due to the harp making process, the soundboard must be painted before the harp is assembled.

Payment Plans — Harps Only

At Stoney End, we are invested in getting you the instrument you deserve. To that end, we offer **interest-free** payment plans for any harp purchase.

How it Works

1. We divide your total (minus deposit) by 12, 24, or 36. **This is your monthly payment.**
2. Your card will be charged on the 5th of each month.
3. Payments continue until your balance is paid off.

There is no penalty for paying off your harp early. If you choose to return your harp before it is paid off, completed payments will be considered a "rental fee" and the remaining balance on your harp will be canceled.

***Items marked with an asterisk are coming soon!**
