FAX: 651-388-8460

Toll-free: 1-US-stoneyend (or 1-877-866-3936)

Thank you for checking out our extensive selection of interesting and good quality musical instruments. This price list covers the instruments we obtain from Hobgoblin in England (coded GR) and US-made instruments (coded MN). Please also see our Stoney End catalog and price list for our harp, dulcimers and more made here in the Stoney End workshop . We also offer thousands of titles of instruction and song books, both from the US and Europe, and you can order music CDs and "how to play" videos for most of our instruments.

Most Hobgoblin products with GR or MN codes are items we try to stock in inventory. Products with other codes are special order and must be brought in from England. Many are custom made and may not be immediately available. Used items must be ordered from the English store directly by the customer.

We welcome orders by FAX, phone, e-mail, direct from our web site, or by mail. **Retail orders over \$50 are sent to you with no shipping charge or handling fee; orders less than \$50 will have a \$6.00 minimum shipping charge added. NOTE: Guitars have a \$20 minimum shipping charge.**

**You may return goods if you are unsatisfied during the first week; call us immediately to inform us. There are a few limitations. You must pack the goods well so they arrive in good condition, and pay the shipping cost back. Refunds for returns of goods originally charged on a credit card will be assessed the 3% bank service fee that was paid by us. We guarantee new goods for one year for repair or exchange.**
